Barry Dukes, Administrator (center) with Staff receives Certificates for Dementia Training.

**Horizon Care Center**, 280-bed skilled nursing facility in Arverne, NY, participated in a dementia training grant for its employees. Southern New York Association provided a comprehensive three day program for the staff who became facility trainers. Lead by Ms. Maggie Austria, R.N., In-service Coordinator, all staff were invited to participate in the training.

The grant supplied the training software and staff were scheduled for daily training sessions to view the four sessions which provided a basic understanding of dementia through interactive education and role modeling. Topics included "Understanding Dementia and Alzheimer's Disease", "Working with Dementia", "Behavioral Management of Agitation and Aggression", and "Safe Care-Giving for Aggressive Residents".

Quality care has always been Horizon Care Center's primary goal and with the educational curriculum and training initiative, our staff was provided with additional education and tasks to manage challenging behaviors. Certificates were issued to each staff member who completed the training.
