**The New York Health Care Alliance** is a network of 56 post acute health care facilities providing a continuum of high quality care for patients who need sub-acute care and rehabilitation.

The Direct Link is a patient placement service which provides **Case Managers** and **Discharge Planners** with expert support and direct access to over 12,000 skilled nursing, sub-acute and rehabilitation beds. NYHCA members are contracted with all major health plans.

The patient placement service provided by the **New York Health Care Alliance** can be accessed by calling: **877-446-9422**. **PRI's can be faxed to 212-968-7710, ATT: Laura Gargano.**

## Kings Harbor Multicare Center receives 2011 "Best Practices Award"

L-R: Anita Glasser, RN, Maria Lazaro, RN, Hillary Rizzo, RN, Alice Massa, OTR, Morris Tenenbaum, CEO, and David Berkowitz, COO.

Kings Harbor Multicare Center was proudly honored with the 2011 "Best Practices Award" in recognition of outstanding achievement in the promotion of patient safety by Physicians Reciprocal Insurance, the second largest medical malpractice insurer in New York State.

This award was for Kings Harbor's accomplishment in decreasing falls in the elderly population. As a result of its efforts the facility experienced a marked decline, not only in the number of falls its residents experienced, but also an equal decrease in the number of fall related injuries. Resident safety was optimized utilizing a team approach which included individual investigation, care planning and the incorporation of modern technology.

(continued on back)

Kings Harbor was able to reduce the percentage of falls in the facility by more than 45% over the course of seven years. The facility's fall rate, although always below state and national averages, is now significantly well below both of these averages.

The development of a team approach was crucial to the success of the program. Both clinical and non-clinical departments were involved. This included input from housekeeping and engineering as well as from the nursing, medical, rehabilitation, social service and dietary departments. The individual caregiver's input was integral to the incorporation of interventions.

This award highlights Kings Harbor's commitment to excellence in patient care.

## **Dumont Center Opens Newly Renovated Rehab Gym**

Last month, **Dumont Center for Rehabilitation & Nursing Care** opened its newly renovated rehabilitation gym. Staffed by an expert team of therapists, **Dumont** is now providing top of the line physical and occupational therapies, using the newest state of the art equipment. The gym boasts a brand new "therapy car," which is a half a car where patients can practice getting in and out; simulating what it will be like once they return to the community. In addition to all the workout equipment, the occupational therapy area has a brand new, full working kitchen that allows residents to practice doing the some of the same tasks they do at home. The new gym is a hit with all of the patients.

**Dumont Center for Rehabilitation & Nursing Care** is a 196-bed skilled nursing facility, located in New Rochelle, NY. The facility offers short term rehabilitation, sub-acute medical services, long term care, and a dementia unit. In addition, the facility offers a respiratory unit with both ventilator and tracheostomy care, and is staffed by respiratory therapists 24 hours a day, seven days a week.

**Effective Immediately!**

### **LPN/PTA/COTA Student Funding Available**

The Southern New York Association (SNYA) has been awarded funding under the Health Workforce Retraining Initiative (HWRI) to support a PTA/COTA training project in New York City and LPN projects citywide, in Long Island and in the northern metropolitan region.

Under this grant, individuals interested in becoming an LPN, PTA, or a COTA are eligible for the following benefits:

- Reimbursement/funding for educational expenses
- Preparation for: school selection, application, entrance tests and license/certification test preparation
- Transition to Practice
