Dr. Chumaceiro has been Medical Director at **Regency** for over 3 years. During that time he has elevated the medical care to a very high standard. His hands on approach has reduced medication costs and he has insisted various specialists come to the facility.

October 28, 2010, residents at **Highland Care Center** participated in the annual Halloween Bash that was held in the Main Dining Room. A “boo”-tiful time was had by all in attendance, as the staff was outfitted in their scariest (or in some cases funniest) costumes, while food and refreshments relating to the true spirit of Halloween were being served. All things considered, the staff went above and beyond its call of duty to make sure everyone had a “spook”-tacular time.

The dining room was transformed into a Halloween haven, as Tatiana Andre and her staff did a tremendous job of enhancing the Halloween theme with lavish and appropriate decorations that brought color, style and warmth to the event. There was a wonderful blend of music, spun by DJ Z, which kept everyone in perpetual motion while still maintaining an “All Hallows Eve” tenor. The dietary department, led by Clinton Vandiver, Michele Montagano, Malaika Mears and the dietary staff, provided delicious variety in food, which kept all the “ghouls & goblins” content as they partied under the pale moon light.

Special Kudos must again be given to Tatiana Andre and her recreation staff, whose coordinated effort in both setting the mood for the event and facilitating the involvement and participation of all who attended made this bash one that the residents will discuss for a long time to come. Comments of happiness and satisfaction abounded afterwards, as residents and guests alike were more than happy to express their gratitude and inquire about the next special event.
